

Position Profile		
August 2017	Project Manager – Tax Systems/ SAP TRM	

Mathtech is seeking a qualified individual with experience and knowledge of the SAP TRM system to participate in a short-term assessment project for a state government agency. The qualified individual will work with the Mathtech team and our client’s project team to provide an independent assessment of a state tax agency system.

Project involvement is expected to be part-time, with some on-site time required and with flexibility for remote work.

Specific responsibilities include:

- Participating in strategy sessions and providing expert insight regarding the capabilities of the SAP TRM system as it relates to state agency taxation requirements
- Providing a high-level assessment of the capabilities of the SAP TRM system to process new taxes and functions
- Documenting high-level “gaps” between desired new functions and the SAP TRM system
- Providing insight regarding how other states have leveraged SAP TRM for taxation operations
- Reviewing and providing insight into project deliverables as necessary, including Strategic Roadmap and Options Analysis

Location

Lansing, MI and remote

To apply, respond to recruiting@mathtechinc.com with the Position Title in the subject line of your email; please include a recent resume and a completed Requirements Matrix if attached to this profile.

Mathtech, Inc. is a strategy and consulting services firm with offices in New Jersey, Virginia, and Arizona. With over 50 years of experience serving federal, state, and local government agencies, nonprofit organizations, and commercial companies, Mathtech has built a solid reputation for successfully completing projects and working collaboratively with our clients.

Mathtech is neither a "body shop" staffing company nor a traditional recruitment agency, but rather a specialist in providing management consulting and IT solutions to our direct clients. A relationship with Mathtech goes beyond your first assignment – we maintain an extensive network of qualified consultants and technologists for our large direct client base.
